## "There's Black Gold in Them Thar Barrels" *They call it Compost*

A happy Composter!

**You know the slogan--  
Reduce, Reuse, Recycle**

Here's some food for thought:

Do you hate throwing away the greasy part of **pizza boxes**? Or **paper towels** and tissues? What about **coffee grounds**, **meat**, **bones**, and **eggshells**?

The solution is to compost!

You can **reduce waste** and **upcycle kitchen scraps** into rich, organic soil filled with plant loving microbes.

All these items and more can be collected weekly by **Black Earth Compost** for a small fee. It's safe, sanitary, easy, and great for the environment.
